Profile Summary

I am a self-taught and passionate full stack web developer with hands-on experience in building modern web applications using the MERN stack. Skilled in both front-end and back-end development, I have completed multiple real-world projects and enjoy solving problems through clean and efficient code. Quick learner, detail-oriented, and a team player committed to continuous growth and innovation.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Tailwind CSS, Bootstrap, Responsive Design

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Socket.io, TypeScript, Firebase

Tools & Others: MongoDB, Mongoose, Git, GitHub, Postman, VS Code, Linux (Basic), Cloud Deployment

Projects

E-Commerce Website

[Live](#) | [GitHub](#)

A complete e-commerce web application built with server-side rendering.

- Built using Node.js, Express.js, EJS templating, and MongoDB.
- Features include product catalog, cart, orders, and user auth.
- Created admin panel for order and product management.

Movie Matic

[Live](#) | [GitHub](#)

A full-stack movie booking platform with both user and admin panels.

- Built with the MERN stack: React, Node.js, Express, and MongoDB.
- Integrated TMDB API for movie data and Stripe for secure payment processing.
- Implemented authentication and authorization using Clerk.
- Included email notifications using NodeMailer.
- Developed responsive UI for both customer and admin interfaces.

Chat Application

[Live](#) | [GitHub](#)

A real-time messaging app using Socket.io for bidirectional communication.

- Developed using MERN stack and Socket.io.
- Implemented WebSocket-based communication using Socket.io.
- Created user authentication system with JWT.

Netflix Clone

[Live](#) | [GitHub](#)

A recreation of Netflix's UI and functionality using React and TMDB API.

- Built with React.js and TMDB API.
- Implemented dynamic movie carousels and responsive design.

Experience

Full Stack Developer Trainee

January 2024 - Present

Brototype - Calicut

- Undergoing intensive training in full-stack web development.
- Completed weekly tasks in MERN stack and participated in technical reviews.
- Built multiple projects with backend and frontend integration.
- Gained real-time feedback from industry-level mentors.

Education

Higher Secondary Education (Commerce)

2016 – 2018

Vidya Jothy College, Paravattani, Thrissur

- Completed Higher Secondary with a focus on commerce and accounting.
- Developed a strong self-driven interest in programming after graduation.

Bachelor of Computer Applications (BCA), Distance Mode

Planned: Jan 2026

(Institution name here, e.g., IGNOU or another university)

- Enrolled to formally strengthen theoretical computer science knowledge alongside practical experience.
